MARRIED AT ST. JOHN'S

The Reber-Miles Wedding Solemnized at Noon.

Brilliant Assemblage Fills the Historic Old Church From Chaucel to Door-The Bachelors' First Cotiffion - Admiral Dewey Entertained by Mrs. Preston Sands.

The marriage of Miss Cecilia Sherman Miles, daughter of General and Mrs. Nelson A. Miles, to Colonel Samuel Reber, United day, Historic old St. John's has seldom received within its time-honored walls a statelier bride, nor one whose wedding was witnessed by relatives and a few family the we'll sacrifice this lot at lic yard.

Socially it was an event whose brilliancy is not likely to be eclipsed by any coming marriage of the year. Spectacularly considered, the scene was a glory of gold lace and army colors worn by the officers of the various branches of the service who we were there to do honor to their chief. cers of the various branches of the service who were there to do honor to their chief. Colonel Reber in the uniform of his corps, and attended by his brother, Mr. Max Reber, entered the chancel, where he awaited the arrival of his bride. The bridal train passed up the aisle led by the ushers: Captain Macorib of the artillery, Colonel Michler of General Miles' staff, Captain Squires of the Signal Corps, Major Mott, aide to General Merritt, Dr. Patterson of Philadelphia, Mr. Tecumseh P. Sherman, son of the late General Sherman, and Mr. John B. Henderson, ir.

They were tellowed by the maid of honor, Miss Anna Hoyt, of New York, preceding the bride, who was attended by her father. General Milos, like the brother officers of the groom who waited upon him, wore the full uniform of his rank. The wedding gown was of rich white satin trimmed with old family lace. Lilles of the valley held the tulle veil in graceful place, the same flowers forming the bridal bouquet. The ceremony was performed by Rev. Dr. Mackay-Smith, rector of St. John's Church, church, assisted by Rev. Dean

After the ceremony General and Mrs. Miles the latter in a toilet of blue crepe de chine, trimmed with lace and fur, entertained the bridal party and a company of relatives and old family friends. The house was decorated like the church in palms and evergreens with glowing touches of poinsetta blooms, red roses, and carnations. Later in the afternoon the groom and his bride left for a honeymoon visit to the South, after which they will go to Governor's Island, N. Y., where Colonel Reber is now stationed.

The church, embowered in palms and Southern vines, was filled from its chancel to the doors with men and women who make the official political and social history of the country. Everywhere there was a flash of jewels and a shimmer of satin, and the air was heavy with the perfume of corsage bonquets.

As the nuptial march from Lohengrin announced the arrival of the wedding party. Colonel Reber in the uniform of his corps, welled the ceiling and walls. Sheaves of oranches of wild laurel and smilax that veiled the ceiling and walls. Sheaves of palm foliage were covered over each cur-tain, and suspended on the wall between the windows were huge green wreaths twined with red satin ribbon. The great chandeliers were booded with red, and the

chandeliers were hooded with red, and the clustered lights in the wall brackets were veiled with the same tint, giving to the whole room a glow of ruby color. The stage and gallery were draped with red, and at each end of the platform were camps of tall, graceful palms.

The favors, which were as dainty and odd as those of last year, included corsage bouquets of red and white roses, which were banked in colossal pyramids on either side of the steps. Tinsel decorations, gay with scarlet blossoms and tinkling with tiny bells, were also provided for the ladies, while gilt pipes and chimes of tiny bells were among the pretty conceits awarded to their partners. The cotiliion was led by Mr. George Howard.

The ladies of the Cabinet will not receive this afternoon on account of the diplomatic reception at the White House.

Men, women, and children, in their mad race to reach the railroad station, left behind all that they possessed—jewelry, clothing, and even the food which they had but a few moments before carefully packed for use during the long journey which was before them.

"The Boers Insisted that all foreigners should join their forces at Laing's Nek or immediately leave the Transvaal. To this ruling the American residents and merchant objected. A committee of five was formed to call upon James C. Manion, the American Consul at Johannesburg, Having presented our case to him, we asked if our Governmeent could offer any protection.
